

For Jan Balej

On 2nd February 2013 **Jan Balej** (aged 58) passed away. The member of the realization team Rallye Rejviz died after a long illness.

Jan Balej was one of the "founding fathers" of Rallye Rejviz. Especially thanks to his appearance Rallye Rejviz appears to be organized as automobile oriented competition. Throughout the existence of RR he was a key author of routes and itineraries. All RR participants have met his work for ages.
